

# BILL PALERMO A&WMA/LA SECTION MEMBER, 1991 – 2021

---

Bill, Thank you for your 30 years of volunteer leadership!

# Tulane University

THE LOUISIANA SECTION OF A&WMA HAS MADE A  
\$1,000 DONATION TO THE TULANE UNIVERSITY SCHOOL OF  
SCIENCE AND ENGINEERING SCHOLARSHIP FUND IN BILL'S NAME

ANNOUNCING  
CONTEST TO NAME THE  
LA SECTION  
NEWSLETTER IN 1995  
DURING BILL'S YEAR AS  
CHAIR OF THE SECTION.

# Name the Section Newsletter Members - It's Up To You!

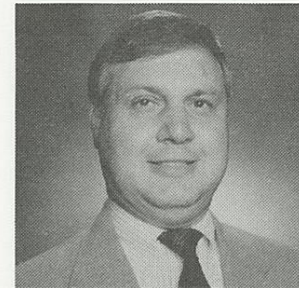

Published bi-monthly as a service to members of the Louisiana Section of A&WMA — Printed on Recycled Paper 

June 1, Issue 1

September/October 1995

## *Chairman's Perspective* **Goals for the Year—Improved Communications and Program Development**

*One key to ensuring participation in section activities is the recognition and response to the needs of the mem-*

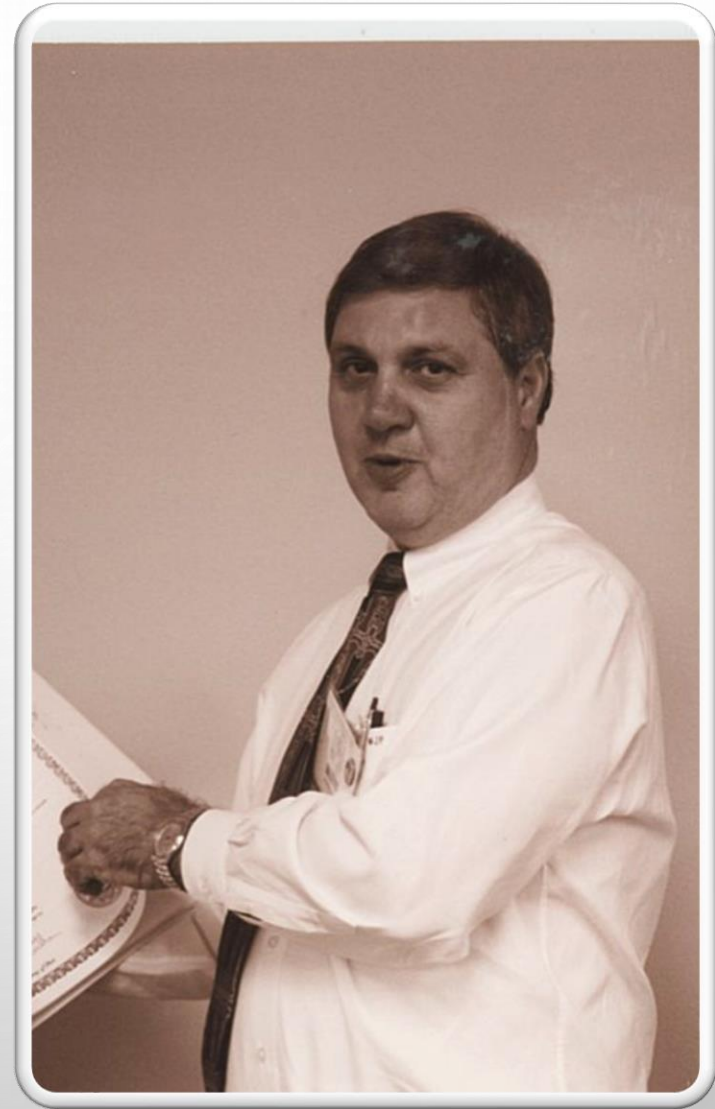

all members to participate in our "Name the Newsletter" contest described in the Editor's column as well as our new "Members Exchange" column.

We are attempting to establish a very active calendar of events for this year's program. Our September dinner speaker will be Mr. Phillip Bowen, who will report on the past legislative session and provide us with an insight into the upcoming gubernatorial race. We will alternate meeting sites this year between Gonzales and Kenner. Our November dinner speaker will be Ms.

International Specialty Conference in Baton Rouge in October 1996. The selection of Baton Rouge will mark only the second time that this conference will be conducted in a location other than Research Triangle Park. The decision to come to Louisiana was related to the USEPA's stated desire to make the conference more accessible to industry, and the conference organizers are well aware of the concentration of industry in Louisiana and Texas. Finally, the Section submitted an official bid to conduct the 2001 Annual Meeting in New Orleans.
