The Louisiana Section of Air & Waste Management Association

MESSAGE FROM THE CHAIR

Well, while the end of summer was officially just 2 days ago, things continue to stay pretty hot and dry around my area. One area of my backyard that is comprised of particularly high levels of clay has cracks that have opened up and where I can put my hand in there! At least no magma is bubbling when I look into the crevice! One positive thing about the passing of summer is that we are approaching the end of ozone season. All in all, so far this has not been a bad season for the state but we aren't out of the woods yet. Historically we have had some exceedances in October,

MARK YOUR CALENDARS- FALL CONFERENCE 2010

The Louisiana Section's Annual Fall Conference will be extremely valuable for professionals trying to keep up with the greatest and latest Regulatory Initiatives coming at a fast and furious pace. The topics represent breaking issues including the new NAAQS, GHG permitting, Boiler MACT, the ever changing Engine MACT

so we should still keep following our ozone action plans.

Things are continuing to progress in a positive direction with regard to the Baton Rouge Nonattainment Area. The area has been successful in receiving Clean Data Determinations from the EPA with regard to the 1-hour and the 1997 8-hour ozone standards. Just a few weeks ago, the DEQ submitted the final package for the 8-hour redesignation request to EPA. Hopefully action will be taken on this before designations are made under the reconsideration of the 2008 ozone standard. While EPA

Michael Vince
LA Section Chair

has told the courts that it needed about 2 more months to complete its work, I personally do not expect to see the announcement for this new standard until closer to the end of the year.

Time is running out for comments to be submitted under the CAIR replacement

Continued on page 2....

Please join us for the Fall Conference for great topics, networking and professional development opportunities. We look forward to seeing you there!

OCTOBER 26-27!
See Attachment for more information on the Fall Conference!

MESSAGE FROM THE CHAIR...CONTINUED

Continued from page 1...

or Transport rule. I know that the trade associations and utility groups are working on comment letters and I encourage anyone who plans to consume electricity in the future to get involved and comment on the rule before the October 1st deadline.

I'd like to offer a BIG THANK YOU to the workgroup that successfully got us up and running with elec-

tronic payments for meeting registrations. My appreciation to Diane Leche, Bill Palermo, Matthew Vince, Raquel Murphy, Tammy Headrick and Carol Murphy on a fantastic job! And thanks to all of our members who have been taking advantage of this excellent tool!

I look forward to seeing everyone at our Environmental Focus 2010 fall conference that is coming up on October 26-27. The confer-

ence committee worked very hard and has been able to assemble a very impressive agenda supported by timely topics and some relevant and engaging speakers. Conference materials have been sent out to members by email and are also available on the website. Please consider sponsorship opportunities for conference events as well as to provide students the ability to attend the conference. Go head and make your plans

now to attend!

I encourage you to pay attention to other upcoming activities of the Section, including the election of officers. I look forward to seeing all of you at the fall conference and at upcoming dinner meetings.

Michael Vince
LA Section Chair

YOUNG PROFESSIONALS UPDATE

The Annual Fall Conference is right around the corner and this year promises to be another great year. A full second day dedicated to YPs and the topics most important to a YP. SIP, PSD, TRI, HAPs, TAPs...they're all on the agenda for this year's YP sessions and should not be missed. The conference will be held at the Crowne Plaza in Baton Rouge, October 26th-27th. Immediately following

the last day of the Annual Conference (October 27th), don't miss the next YP gathering, it's a Conference YP Unwind at Ninfa's. This is a great chance to catch up with other YPs and to find out more about our YP Group. A fun, relaxed atmosphere to unwind after a day of presentations.

Beginning January 2011, the A&WMA EM will include a new column, the

"YP Corner". Articles will be written by YPs about things important to YPs and will feature both technical and non-technical topics. If you are interested in contributing to the "YP Corner" and would like more information, contact Abhilash Vijayan at vijayan.abhilash@gmail.com.

Jennifer Tullier
YP Co-Chair

The next YP Gathering will take place during the Fall Conference. Join us for a relaxing time at Ninfas on October 27!

LSU STUDENT SECTION UPDATE

The LSU student chapter is extremely excited for the new semester and, of course, football season. Our first meeting was held September 21st and the chapter

discussed the Louisiana Section dinner meeting, potential service activities, and a mentoring program for incoming students. New officers for the term include Ivory Iheanacho

and Rebecca Fox. We would like to thank the Louisiana Section and members for their continued support of the chapter and look forward to opportunities to meet and

network throughout the semester. GEAUX TIGERS!

Paul Algu
LSU Student Chair

ADOPT-A-SCHOOL

The primary purpose of the Louisiana Section Adopt-A-School program is to select an elementary or middle school at which the Section will award a cash donation for use at the 3rd, 4th, 5th, 6th, 7th, or 8th grade level in the area of science education. It is the Louisiana Section's desire that the funds be allocated to a specific project or purpose rather than simply becoming assimilated into the school's general fund. In addition to the cash donation, the Louisiana Section will provide Environmental Education Resource Guides (print volumes of environmental education lessons/activities). No specific form for the proposal is required. The proposals will

be evaluated equally on need and quality of the proposed program. The Louisiana Section requests that, at a minimum, the following information be provided regarding the school being nominated: 1. General background information about the school, including: the number of students in school and in the 3rd through 8th grades; the demographics of student population. 2. The significance the cash donation would have in the school's overall program of science education, specifically: a clear explanation of why the school needs the grant, and the total number of students who will benefit from the grant. 3. Specific information regarding the intended use for the funds

and the need for teacher training in the environmental sciences. The more project oriented grant requests tend to score higher points with the judges than simple grant requests for money for the school's general science funding. Ideally, but not a requirement, a Louisiana Section member nominating a school should be involved with the school and would be expected to act as liaison between the association and the school in the presentation of the award and any additional activities scheduled for the school during the year. Recipients of the grant will be requested to attend a Louisiana Section dinner meeting in New Orleans in

January to receive the funds. Attendance is encouraged, but not required. Details will be provided at a later date. Proposals should be received no later than 5pm November 19, 2010. Please address them to Kevin Calhoun at the address information listed below. If sending via e-mail, please include "Adopt-A-School" in the subject line.

Kevin Calhoun
Education Committee Chair

ELECTION ANNOUNCEMENT

As prescribed by the Louisiana Section Bylaws, the Section's annual election will take place in November. The Nominating Committee encourages you to submit nominations of qualified members for consideration by the committee. This year, one Director position and the position of Treasurer will be filled by the election. All candidates for these offices must have been individual members of

the Association for at least two consecutive years prior to taking office. The elected officials will take office on January 1, 2011.

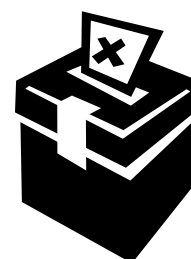

The Nominating Committee will announce the candidates at the membership meeting that will be held on October 26, 2010, in conjunction with the Fall Conference. The full details of the election, including the credentials of the candidates will be an-

nounced to the membership through an email message that will be sent to all members at the member's email address as reflected in the Association's membership database. Now would be a good time for every member to review his or her email address in the database and make any corrections that may be required.

If you know of a qualified candidate (and

members may self-nominate), please contact Bill Palermo, Chair of the Nominating Committee at (504) 472-9993 or bpalermo@rtpenv.com.

Bill Palermo
S& C Council Representative

GETTING IT IN WRITING: A&WMA'S GUIDE TO GETTING IT PUBLISHED

Date: Tuesday, October 26, 2010
Time: 2 – 3:30 pm EST

The YPAC Professional Development committee is hosting this **FREE** webinar on the ins and outs of getting published. While the event is based on A&WMA's premier publications, *EM* and *The Journal of the Air & Waste Management Association*, participants will gain tools and information applicable to publishing overall. Everyone has something to say, at least when it comes to what we do for a living. Nowhere is that more evident than in the envi-

ronmental industry, where the environment, and of course, your boss. Find out if publishing is for you, the different types of articles publications are looking for, the mechanics of submitting abstracts and drafting articles, get an introduction to the editing process, and find out what "peer reviewed" really means. Registration information is available [here](#). Did we mention that it's **FREE** to members?

CALL FOR SPONSORS!

The Louisiana Section is offering various exhibition and sponsorship opportunities at the Fall Conference. If you are interested in exhibiting, sponsoring a meal or break, or helping defray the cost of a student member's attendance please contact Carol Murphy or use the Sponsorship and Exhibition Opportunities form sent out via email on September 22. Thank you for your support!

SEPTEMBER DINNER MEETING

The September Dinner Meeting was held at Mike Andersons in Gonzales Louisiana on September 16th. Cheryl Nolan, Assistant Secretary, LDEQ Office of Environmental Services spoke to 60 meeting attendees about current happenings in the Air and Waste areas. Attendees were also provided with a copy of the Fall Conference Program. The jam packed schedule of presenters includes a keynote address from LDEQ Secretary Peggy Hatch, an update on EPA Region VI Initiatives presented by Region VI Administrator Dr. Al Armendariz, a presentation by A&WMA President-Elect Jeff Muffat, and many more Hot Topics! Registration and payment for this years conference will be available online through the associations website very soon! Make sure to register for the next dinner meeting when you sign up for the conference. Maureen Harbourt will update you on the recent activity with the NAAQS with her presentation NAAQS Gone Wild, the meeting will begin after Day 1 of the conference on October 26.

Membership is UP!

A&WMA membership has increased in Louisiana over the past year and corporate sponsors have held strong! The LA Section currently has 291 members with 33 Southwest Chapter members and 22 students! YP membership has increased to 35!

Jason Midgett
 Newsletter Chair

Southwest Chapter Update

The Southwest Chapter hosted a luncheon on the 22nd at Pujo Street Cafe in Lake Charles. Dustin Duhon and Tegan Treadway of LDEQ provided attendees with an Air Regulatory update. Many Southwest Chapter members will be in attendance at the Louisiana Section Fall Conference in October.

DON'T THROW THAT AWAY! HAZARDOUS MATERIALS IN THE HOME

According to the EPA, on average, every home has as much as 100 pounds of household hazardous waste sitting in storage. Using the three "R"s you can ensure your household's hazardous waste is properly managed.

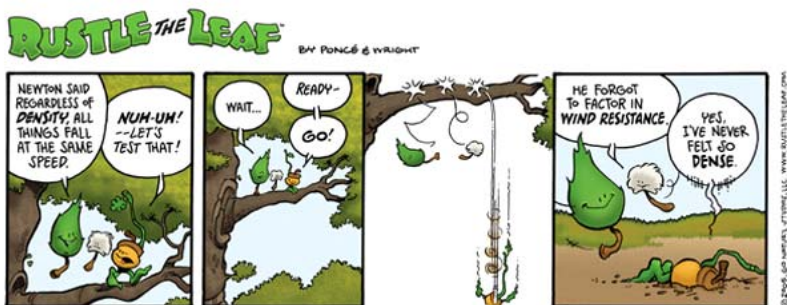

COLLECTION DAYS: Special dates are set aside by communities for the collection of household hazardous waste. Check for potential dates in your area to find central locations where materials can be dropped off.

Baton Rouge: The next Household Hazardous Materials Collection Day for the Baton Rouge area is scheduled for Saturday, October 23, 2010 from 9 till 1 at Memorial Stadium. Check out the list of what will be accepted at <http://brgov.com/Dept/Recycle/householdhazardous.htm>

Lake Charles: Household items are accepted for proper disposal and recycling at the Wastewater Division, located at 1132 West 18th Street in Lake Charles every Friday from 9 till 2. For more info, visit <http://www.cityoflakecharles.com/departments/division.php?fDD=14-174>

Shreveport: Shreveport Green Facilitates eight monthly collections for the public, where members of the communities in Shreveport, Bossier City and Caddo and Bossier Parishes can bring their household hazardous materials to be properly disposed of. Future date: November 6, 2010. For more information, visit <http://www.shreveportgreen.org/recycling/household-hazardous-waste.cfm>

CHANGES TO DEQ STAFF

In case you haven't heard already, DEQ Secretary Peggy Hatch made changes to her executive staff.

In early August DEQ Secretary Peggy Hatch announced changes to her executive staff that placed Beau Jame Brock as Assistant Secretary of the Office of Environmental Compliance. Assistant Secretary Paul Miller joined Secretary Hatch as her Special Assistant. "Under this administration, Paul has led this office through the restructuring of the Office of Environmental Assessment and I look forward to drawing on his years of industry experience as my confidential assistant," Hatch said. "Beau will be an effective leader using the experience gained working eight years for the Environmental Protection Agency, and as special assistant under two DEQ Secretaries. As the department faces new challenges, Paul and Beau's leadership skills will be essential in moving this department forward. DEQ's enforcement strategy will be unchanged and continue to be firm, but fair."

A FUN FALL ACTIVITY

With summer passing the weather will soon be ideal for camping. There are many state parks or other areas in Louisiana that are setup for the everyday camper if your not one of those adventure seeking types. Abandoning your daily routine for a trip into the wilderness is definitely an easy way to take a break. Camping with friends and yes sometimes family can be a big stress reliever, and it can also put those important things back into perspective. If you haven't been camping in a while there are ten essential camping gear items that must be taken along.

1. **Compact Pillow** Just because you're sleeping in a tent on the ground doesn't mean your neck has to hurt.
2. **All-in-one Liquid Soap** - Staying clean outdoors is challenging since running water isn't always accessible. Bringing an [eco-friendly](#) liquid soap that can wash your hands, body, hair and clothing is convenient.
3. **Insect Repellent** - An anti-bug balm that is DEET-free is a light accessory to add to your pack, and it will prevent you from being annoyed and bitten by bugs the entire time.
4. **Portable Dog Bowls** - What is a camping trip without your dog? Taking your loyal companion with you might make you feel safer, and it can also be a great bonding experience. Just don't forget a portable bowl so your pet can stay hydrated and eat well too.
5. **Reusable Ice Packs** - Even though the weather is starting to turn cooler, a cold drink can go a long way so take along reusable ice packs that are made with biodegradable, non-toxic gel.
6. **Spice Container** - Campfire food isn't as flavorful as the home cooked meals you might be used to, which is why spices such as salt, pepper and others are necessary to enhance meals.
7. **Mug and Bowl Set** - A compact mug and bowl combination will enable you to drink water while hiking and devour hot meals by the campfire later in the day.
8. **Egg Holder** - Preparing food for the trip such as trail mix and hard-boiled eggs will fuel your body. A six-egg holder can give you more food options as well. For example, you can make an omelette for breakfast and hard-boiled eggs for lunch.
9. **Camping Towel** - When you're wet or need to wash something, leaves aren't going to be able to absorb the water or scrub away grime. Keeping a compact towel that wrings out well is handy.
10. **A Nifty Spork** - Why take along a spoon, fork and knife when you can have one utensil with all of these features? Just make sure the one you buy is heat-resistant and reusable.

If you are looking to go camping, click [here](#) to check out great Louisiana camping sites! *GEAUX CAMPING!*

A&WMA'S 104TH ANNUAL CONFERENCE AND EXHIBITION

ACE 2011 will feature a technical program boasting over 500 presentations and new for 2011, the Mega Poster Session where over 100 posters will be displayed, hundreds of exhibitors displaying the latest in environmental technology Environment," the technical program will explore a range of related issues, including the future of fossil fuels, alternative energy solutions, and greenhouse gas emissions management, innovation, and technology.

Building on the conference theme of "Energy and

LOUISIANA SECTION OCTOBER DINNER MEETING

SOCIAL AT 4:30 PM

DINNER AT 5:30 PM

Speaker: *Maureen Harbourt, Kean, Miller, et. al.*
Topic: *NAAQS Gone Wild!**

LDEQ SATELLITE OFFICE!

LDEQ staff will have an "office" established in the Exhibitor area during the registration periods on Tuesday and Wednesday and during all breaks. Check your registration materials for the break schedule and plan to stop in for a visit with LDEQ staff.

THE LOUISIANA SECTION GOES HIGH TECH FOR QUESTIONS!

Every year we hear from our speakers that they spend a lot of time answering questions after the session from attendees who did not want to ask their question publicly. So, this year the audience will have the option of texting questions to a moderator who will collect and organize them for the speaker during the Q&A section of their talk. Questions from the floor will be taken first and then texted questions. If there are too many to be answered in the time allowed, the moderator will first choose those questions which will appeal to the entire group. Phone numbers will be provided for each session, which will only be active during the conference.

Normal texting rates will apply.

REGISTRATION / SUBSTITUTION / REFUND POLICY

You may designate a substitute in writing any time before the meeting as long as the registration fee for the designated substitute equals the category/fee of the registrant. Written refund requests must be received in writing by the pre-registration date of October 22, 2010. Refunds will be issued less a \$35 processing fee. No refunds will be given after October 22. If the conference is cancelled, the Section is not liable for any expenses by the registrant other than the refund of the registration fee(s) paid by the registrant.

Pre-registration will close on Friday, October 22, 2010. All registrations after October 22, 2010 must be made on-site at the Conference.

DINNER MEETING

If you are registering for the Full Conference or the Tuesday program, registration for the social hour and the dinner meeting is included. To ensure that we have an accurate count for dinner and that food is not wasted, please be sure you have checked the appropriate box with your payment information.

If you are registering for the Wednesday program only and would also like to attend the dinner meeting on Tuesday, please contact Carol Murphy at (504) 472-9993 by noon October 20, 2010.

If you would like a **vegetarian dish** for the dinner meeting, please include that note on your reservation form. Full name, company, and credit card information must be provided. With the exception of online reservations, your credit card will not be charged until after October 27 (applies to dinner meeting only). You may still pay by company or personal check on-site but your credit card will be charged the dinner meeting fee if you make a reservation and do not attend. You may call Carol at (504-472-9993) or email (cmurphy@rtpenv.com) with questions.

WEDNESDAY ONLY REGISTRATION includes Sessions 3, 4, 5, and 6, breaks, lunch, and proceedings.

SPONSORSHIP & EXHIBITION OPPORTUNITIES

A small exhibition is planned for the conference. If you are interested in exhibiting or in sponsoring a meal or a break, please contact Carol Murphy at (504) 472-9993 or email cmurphy@rtpenv.com. Student sponsorship opportunities are also available.

HOTEL ACCOMODATIONS

A block of rooms is being reserved in the name of "AIR & WASTE MANAGEMENT" at the Crowne Plaza Hotel at a special conference rate of \$99 single/double. Book your reservations online at our special website by [Clicking Here](#) and entering the group code "awm" under Check Availability. You can also call the hotel directly at 1-888-233-9527 to book your reservation.

Cutoff date for receiving the conference rate is October 4, 2010.

The Section cannot accept email messages containing credit card information; any such messages received will be deleted immediately for your protection!

The Louisiana Section of the Air & Waste Management Association will have limited exhibit space available on a first-come first-serve basis. The exhibits will be in a secured area adjacent to the meeting rooms. All session breaks will be in the exhibition area. There will be 30-minute morning breaks on both days and a 30-minute afternoon break on Tuesday. Set-up will be Tuesday morning, October 26, 2010 from 7:00 AM to 9:00 AM. All exhibits must be removed prior to 7:30 PM on Wednesday, October 27, 2010. Deadline for conference registration is October 22, 2009.

Exhibitors will be provided with one (1) skirted table and two (2) chairs. The space provided will accommodate tabletop exhibits or 8' x 10' booths. Exhibit space is \$575. **ONE** member of the exhibiting company will receive registration for the full conference (up to \$430 Value). Two additional members of the exhibiting company can register for a reduced rate of \$310/person for the full conference or \$220/person for daily registration, regardless of A&WMA member status and/or two members of the exhibiting company can register "Exhibitor Only" status at a cost of \$160 for the entire exhibit or \$110 for daily registration. The cost for Exhibitor only registration includes all breaks, luncheons, and the Tuesday evening social, but it does not include the Louisiana Section Dinner Meeting nor does it allow entrance into the technical sessions. All others must register at normal conference rates (see registration form). **Payment must accompany registration.** Payments may be made by cash, check, or credit card. Make checks payable to *Louisiana Section A&WMA*. If desired, an Exhibitor's information packet can be obtained from the hotel.

Please complete the Exhibitor Registration form on the next page and submit it as soon as possible to ensure that you have a space!

Telephone (_____) _____ Email _____

The Louisiana Section of the A&WMA is offering opportunities for companies to sponsor breaks or meals at this year's Fall Conference. Sponsorship costs are \$500 for a Breakfast or Break Sponsorship and \$1,000 for a Lunch or Dinner Sponsorship. Please note, these sponsorship funds do not cover the actual cost of attending the event. In addition, sponsorship is non-exclusive - that is, two or more companies may be accepted for the same activity. However, every effort will be made to spread the sponsorships evenly throughout the program. If your company is interested in an exclusive sponsorship for an event, we will be happy to work with you. Please call for further information.

In return for your sponsorship of a Breakfast or Break, you will be given the opportunity to erect a sign of your design in the area in which the event is taking place. Signs are expected to be prepared with good professional judgment. The sign may not state or imply that the sponsor is covering the actual full cost of the activity. If it does, the sign will be removed. For a Lunch or Dinner Sponsorship, the same applies as above for the posting of signs. In addition, you may distribute a promotional gift of some kind. The promotional item may be set on the tables at each place or arranged on a side table for distribution.

If you are interested in a sponsorship opportunity at this year's conference, please complete this form. Payments may be made by cash, check, or credit card. Make checks payable to Louisiana Section A&WMA.

In keeping with our mission and in support of the education of upcoming environmental professionals, we are seeking sponsors for our student members to attend this year's conference. If you would like to sponsor a student by covering their one-day or full registration for the conference, please indicate the student's information on this form. If you do not know a specific student but would still like to sponsor one, please contact Michael Vince at michael.vince@la.gov or 225-219-3485 and Michael will match your sponsorship with an interested student. If you know of any student that is deserving of sponsorship, also let Michael know. If you are interested in sponsoring a student at this year's conference, please complete this form. Payments may be made by cash, check, or credit card. Make checks payable to Louisiana Section A&WMA.
