*DESIGNATES AN ABSTRACT PRESENTATION
The Annual Conference of the Louisiana Section of the Air & Waste Management Association is brought to you through the combined efforts of many of your fellow professionals and the generous support of their employers. On behalf of the Louisiana Section, we would like to extend our appreciation to the Louisiana Department of Environmental Quality for continuing their collaboration in this event, and to each of the LDEQ presenters for sharing their knowledge and expertise. We would also like to thank our invited speakers and the professionals who submitted abstracts for consideration in our program this year, as we have an excellent selection of timely topics to round out our program!

Please join us in expressing appreciation to the Conference Planning Committee, and their respective employers that support their involvement.

**Special thanks go to our Sponsors and Exhibitors, whose contributions help to defray conference costs, allowing more funds to be directed to educational programs and scholarships.**

Jennifer Tullier and Tim Desselles,
2019 Conference Co-Chairs

**Views and opinions of speakers do not necessarily reflect those of the A&WMA**

† Text questions are selected by the moderators for the Q&A portion of the presentations as time allows. Normal texting rates apply.
