Gary Daves, Tricord Consulting, **Lauren Rucinski**, Kean Miller

AIR & WASTE MANAGEMENT
A S S O C I A T I O N

Phyllis Holifield

- ▶ Phyllis Holifield is the Environmental Manager for CITGO Petroleum Lake Charles Refinery. She is a native of Vinton, La, received her Bachelors of Science in Chemistry/Biology from McNeese University, a Masters of Business Finance from the University of Houston, and Post Graduate Certificate in Environmental Management from LSU. She has worked in the Petrochemical Industry for 44 years in Research and Strategic Planning, with the last 38 years in Environmental. She presently sits on the board of directors for the Southwest Louisiana Air, Waste, and Management Association, is a member of Iota Sigma Pi, the National Honor Society for Women in Chemistry and Alpha Chi Sigma, a co-ed professional fraternity dedicated to the science of chemistry. Her volunteer activities have included working with Care Help of Sulphur, Team CITGO, and music ministry of Immaculate Conception Church in Sulphur.

Steve Smith

- ▶ Steve Smith is an Environmental Issues Manager for LyondellBasell. He has over forty years of environmental engineering experience working both at plant locations and in the corporate office. He has worked at petrochemical facilities in Tennessee, Texas, and South Carolina. His focus for the last twenty years has been air permitting, air toxics and air quality.
 - ▶ Email: steve.smith@lyb.com

Jill Martin

- ▶ Jill is a Project Director in ATG's Baton Rouge office and has over 15 years of experience in the environmental field, including environmental consulting and state agency experience. Jill has worked with clients in both the petroleum refining and chemical manufacturing industries. Her experience includes, but is not limited to, Title V permitting and compliance, emissions inventory submittals, TRI submittals, RICE MACT compliance, Refinery MACT compliance, HON compliance, MON Compliance, Consent Decree compliance, regulatory applicability analyses, CEMS, RCRA permitting and compliance, stack testing, and ambient air monitoring. Jill provided fence-line monitoring program implementation support for multiple refineries in association with the Refinery Sector RTR amendments. Additionally, Jill has provided support for multiple chemical manufacturing facilities with implementation programs associated with the recent MON RTR and EACT RTR amendments.

Lauren Rucinski

- ▶ Lauren Rucinski is a partner in the Baton Rouge office of Kean Miller. She joined the firm in 2016 and practices in the environmental law and intellectual property groups. Lauren helps clients navigate environmental regulatory applicability for new and existing facilities and expansion projects. Her practice spans permitting, compliance, enforcement, litigation, and transactional issues, as well as rulemaking efforts at both the state and federal level. Lauren also advises clients on the U.S. Army Corp of Engineers/Clean Water Act Section 404 dredge and fill permitting process. She has experience in the NEPA program and similar state level programs, as well as in environmental justice issues and renewable energy opportunities.
